

# 80-83% AFUE High-Efficiency M1 Gas & M5 Oil Furnaces

**Intertherm M1 and M5 furnaces are built to standard dimensions for manufactured housing.**

- Proven components ensure high quality and dependability.
- Insulated cabinet ensures minimized heat loss and quiet operation.
- All models are A/C ready.
- Appliance finish protects against rust and other corrosion.
- All units and each component are tested on the manufacturing line to ensure quality.

**Additional features on 80% AFUE Intertherm M1 Gas Gun, Hot Surface Ignition furnace models:**

- Designed for all sizes of manufactured and modular homes, and can be installed in a utility room, enclosed closet or alcove.
- Heavy-gauge aluminized steel heat exchanger ensures long life and efficiency.

**Additional features on 83% AFUE Intertherm M5 Oil Gun furnace models:**

- Sealed combustion system vents exhaust gas directly outdoors and draws in 100% outside air for the burner.
- Easy open pawl latch secures the door firmly for transit, yet allows easy removal for access.
- Room air is cleaner with the large, effective permanent washable air filter.
- High efficiency drum heat exchanger delivers optimum heat transfer with low air resistance.
- Reliable Beckett burner with uniform flame pattern extends life of heat exchanger.
